If Materials contain traits not approved for export, commercial grain channels, etc., COMPANY is required to notify AGRILIFE **before** such Materials are shipped to ensure field destruction can be guaranteed.

COMPANY represents and warrants that all Materials provided for Testing are owned or licensed by COMPANY and COMPANY is authorized to provide the Materials to AGRILIFE for Testing purposes. Additionally, COMPANY represents and warrants the Materials are not regulated and do not require a United States Department of Agriculture permit. 5. CONFIDENTIAL INFORMATION. COMPANY shall not provide confidential information to AGRILIFE.

This section survives completion of the Testing.
9. FORCE MAJEURE.
